## Sustainable Community Development Applying Sufficiency Economy Philosophy from theory to practice

---

**TICA : Thailand International Cooperation Agency** is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

### **Theme : SEP**

This training course falls under the theme – “Sufficiency Economy Philosophy” or SEP. SEP is an approach for importance of human development at all levels and also emphasizes the need to strengthen community's capacity to ensure a balanced way of life and resilience, with full respect for the environment. As an approach and mind setting framework, we believe that SEP can be applied to all 17 SDGs. Therefore, over the recent years, Thailand has shared with international community the application of SEP, our home-grown approach to sustainable development.

### **Community Development Department, Ministry of Interior**

Founded in 1962, the Community Development Department, Ministry of Interior is tasked to improve rural people's quality of lives by promoting participation and self-improvement. One of the Department's success projects is the introduction of the income generating programs such as the community saving group. It has proved to sustainably generate substantive income for community and enable them to conduct a number of their long-term development projects in response to their particular needs. Moreover, it is also one of the best practices in the application of Sufficiency Economy Philosophy (SEP) in tackling the country's developmental challenges.

### **Course Objectives**
